SUMMARY

Interaction Design MA student and junior UX/UI designer with a Google UX Design certificate and two years of hands-on product ownership. I design in Figma from user flows and wireframes to interactive prototypes for web and mobile, build reusable UI components, and use AI tools to speed up ideation, research and prototyping.

SKILLS

UX/UI design: user flows, wireframes, mockups, interactive prototypes, UI design for web and mobile, information architecture

Design systems: reusable UI components, variants, auto layout, component documentation

User research: user interviews, surveys, usability testing, stakeholder mapping, accessibility (WCAG)

AI tools: Claude, ChatGPT, Figma AI (ideation, research synthesis, rapid prototyping)

Tools: Figma, FigJam, Miro, HTML, CSS, JavaScript (basics)

Ways of working: design sprints, cross-functional teamwork, presenting design decisions

Languages: Hungarian (native), English (C1)

SELECTED PROJECTS

Locus – Period poverty support platform | MOME, solo, 1 semester | Case study in portfolio

- Designed a community-driven platform that makes period poverty support in Budapest easy to find.
- Ran 11 interviews across 5 stakeholder groups; built IA, user flows and AI-assisted prototypes, refined through user testing and WCAG checks.

Aura – Mercedes-Benz collaboration | MOME | Case study in portfolio

- Multi-sensory, nature-inspired car interior concept for families with children.

REMI – Reminiscence therapy robot | 3-person team, 1-week design sprint

- Designed a robot that supports photo-based reminiscence therapy for residents of nursing homes.

Knitting and crochet app – Component library | MOME

- Built a reusable Figma component library with variants, auto layout and usage documentation.

Other collaborations: OTP Bank (UX project, under NDA); TDV India – Resilience in the Wake of the Monsoon

WORK EXPERIENCE

Founder and Product Designer, Rozana Glass | Budapest | 2024–2026

- Run a handmade glass jewellery business end to end, from concept and prototyping to sales.
- Iterate products based on customer feedback; manage custom orders, client communication and market events.

Pharmacy Assistant, Aranyszirom Pharmacy | Budapest | 2023–2026

- Customer-facing role requiring empathy, clear communication and calm problem solving under pressure.

EDUCATION

MA Interaction Design (in English), Moholy-Nagy University of Art and Design | Budapest | 2025–present

Google UX Design Professional Certificate, Coursera | 2024–2025

BA Designer Maker – Glass Design, Moholy-Nagy University of Art and Design | Budapest | 2022–2025
